

BTEC Registration and Certification Policy

Policy Reference Number T046

Version 1

Originator T Irving

Issue Date November 2022

Review Date November 2024

Definition

The Exams Office will register learners with Pearson/Edexcel at the beginning of a BTEC programme of study. Certification claims will be submitted to inform Pearson/Edexcel of learner achievement. Learners who have not earned the sufficient number of credits to receive the full qualification can be certificated for the units that they have achieved. This may lead to the award of a qualification at a lower level eg Diploma rather than Extended Diploma.

Deadlines for registration and certification appear in the annual BTEC Quality Assurance Handbook and the Information Manual.

Purpose

- To ensure that individual learners are registered to the correct programme within agreed timescales;
- to claim valid learner certificates within agreed timescales;
- to construct a secure, accurate and accessible audit trail to ensure that individual learner registration and certification claims can be tracked to the certificate which is issued for each learner;
- to ensure that accurate, up to date and auditable centre BTEC registration, achievement and certification records are maintained with Pearson/Edexcel;
- to ensure that these records are kept for 3 years after certification, in-line with Pearson/Edexcel requirements.

Principles

The Registration and Certification (BTEC) Policy meets the requirements of the Pearson/Edexcel (BTEC) Quality Assurance process.

Detail
